

A HOLIDAY GREETING FROM OUR UNION PRESIDENT

Not long ago I wrote a welcoming text here, I realise it might have been a while as the term is already coming to an end. Along with the mandatory wish of a happy holidays I would like to briefly mention what has been:

The autumn started off with the Novisch period welcoming the science students, together the student unions of Lund protested the lack of study places around the university and made it to the news, student representatives were educated in the new national quality assurance system and LUNA hosted its annual career fair ATLAS.

This is just a handful of all the union has accomplished, much has happened and more is to come. If you want to know more or take part yourself in the eventful life of LUNA, browse our webpage, archive or make contact.

Happy holidays and see you all next year!

Ida Lunga, president of LUNA 2016/17
